

PMA.IT

BENCH SCALE FOR INDUSTRIAL APPLICATIONS

M

Painted steel frame

STRENGTHS

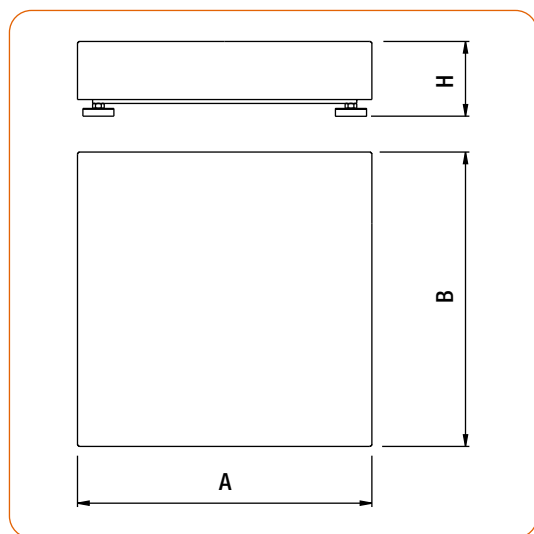

AISI 304 STAINLESS STEEL WEIGHING PAN

ADJUSTABLE STAINLESS STEEL FEET

IP65 ALUMINUM LOAD CELL

EXCELLENT QUALITY/PRICE RATIO

- *Capacity up to 300 kg*
- *Painted steel frame*
- *Protection from accidental overloads*
- *Shielded cable for connection to weigh terminal*
- *Possibility of applying idle roller conveyor with PVC or stainless steel rollers*
- *Integrated solutions with indicators and software*

Dimensions	Height	Weight	Cable	Multirange (approved)		High resolution	
A x B (mm)	H (mm)	(kg)	(m)	Capacity (kg)	Div. (g)	Capacity (kg)	Div. (g)
300 x 240	100	6	2	6 / 15	2 / 5	15	1
400 x 400	100	10	2	15 / 30	5 / 10	30	2
500 x 400	145	17	3	30 / 60	10 / 20	60	5
500 x 400	145	17	3	60 / 150	20 / 50	150	10
600 x 600	145	23	3	60 / 150	20 / 50	150	10
600 x 600	145	23	3	150 / 300	50 / 100	300	20
800 x 600	145	29	3	150 / 300	50 / 100	300	20

OPTIONS

- Stainless steel column H = 600 mm*
- Compact version for D70E*
- Fixed painted support frame
- Moveable painted carriage
- Calibration report for quality assurance compliance

* Not available for 300x240 model

Compact version with D70E
